

Forklift Electrical Parts

Electrical Part for Forklifts - Lift trucks could be particularly labeled to be used in hazardous locations. A marked lift truck denotes the design has met the least requirements of ANSI/UL 558 intended for engine powered lift trucks or ANSI/UL 583 used for electric [forklift parts](#) for the type of label attached.

Applications for labeled trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance provider and Fire Marshall for additional info on the approved uses of industrial powered forklifts in your application.

If the lift truck has been proven to meet the outlined criteria, the following labels may be placed. A marked truck will have the model description placed on the forklift nameplate and would have one of the following labels attached.
