

Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper which automatically sets off to dump when bumper release contacts the side of a dumpster. After dumping is done, the hopper returns to a locked and upright position. This piece of equipment even comes with a cable which allows operation from the seat of the lift truck to be able to have the option of manually dumping the hopper. There is a locking chain provided to be able to secure the hopper to the fork truck. This particular product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper likewise has a blue powder coat finish to maintain durability.
